## ETHICS AND CERTIFICATION CONDITIONS COMPLIANCE AGREEMENT

This agreement is concluded between the Personnel Certification Body for the Construction Industry (hereinafter referred to as the PCBCI), represented by Chief Executive Oleksandr Yunatskyi, as one party, and

.....  
(last name, first name of the construction industry specialist and year of birth)

as the other party, about the following:

1. The PCBCI **undertakes** to issue a certificate of competence to the specialist if the latter fulfills all the prerequisites for certification, namely:

- ✓ having the necessary experience in the construction industry;
- ✓ completion of a special training course;
- ✓ passing of the qualifying exam;
- ✓ confirmation of having a professional indemnity insurance policy within the declared scope of certification;
- ✓ fulfillment of all contractual conditions for the provision of personnel certification services.

2. A certified specialist **undertakes to**:

- ✓ comply with the provisions of the **SOU-S-001:2016** standard throughout the entire period of the certification validity and immediately notify the PCBCI of the occurrence of conditions that make them unable to comply with the certification conditions;
- ✓ use the certification in a manner that does not discredit the PCBCI and not make any statements regarding the certification that the PCBCI could consider misleading or unauthorized;
- ✓ in the event of withdrawal of certification, cease certification statements containing any reference to the PCBCI or its certification system, and return the relevant certificate and qualification certificate issued by the PCBCI;
- ✓ not use the certificate and qualification certificate in a way that is misleading;
- ✓ keep records of all complaints about my work related to the scope of the certificate and qualification certificate;
- ✓ immediately notify the PCBCI of any conditions that may affect their ability to continue to meet the certification requirements;
- ✓ adhere to ethical principles and principles of integrity when providing services (see Clause 4 of the professional standard "Consulting Engineer (Construction)") throughout the entire period of certification;
- ✓ timely, within a month, inform the PCBCI about any change in contact details (mailing address, telephone, e-mail, etc.);
- ✓ provide the PCBCI with any additional information necessary for certification.

3. The certified specialist **agrees**:

- ✓ that the information about them (last name, first name, patronymic, certification results) will be published in public access on the official website of PCBCI (<https://ospbg.org.ua>);
- ✓ with the requirements for his inspection supervision, as a certified specialist in the construction industry, by the PCBCI.

4. The certified specialist **releases** the PCBCI from liability in connection with complaints that may arise as a result of their activities as a certified specialist in the construction industry, as well as liability for damages to third parties that may be related to his activities as a certified specialist in the construction industry.

5. The certified specialist **is warned** that in case of violation of this agreement and failure to comply with the certification requirements, their certificate may be suspended or revoked.
